

A FEW WORDS ABOUT DE LAND

DE LAND is situated 110 miles south of Jacksonville on the Jacksonville, Tampa and Key West division of the Atlantic Coast line. The town proper is five miles east of the St. Johns River, on the high, rolling, pine lands of the great "orange ridge" of Florida. It is easily accessible from Jacksonville by rail over the A. C. line, being a ride through many small towns, pine woods and hammocks, and thence crossing the hammock-covered St. Johns, or the traveler may reach the town via the Florida East Coast railway, taking tickets at Jacksonville to Orange City via St. Augustine, Palatka and New Smyrna. De Land is connected with Orange City by a regular stage line carrying U. S. mail, and a fine shell road. This drive of five miles through the magnificent forests and over the shell road makes this route a popular one for the tourist. The most picturesque route to De Land is by river from Jacksonville to Lake Beresford, which is a still landing on the St. Johns. The canoe is often taken by the tourist, who comes to Florida for the first time from Beresford, where he disembarks from the commodious and comfortable steamer of the Clyde St. Johns river line, the traveler reaches De Land either by rail over the De Land Branch, or he may take a hack which meets all boats.

CLIMATE AND HEALTHFULNESS.
Early in your sojourn you will wish to assure yourself by observation and inquiry regarding the climate of Florida in general, and that of De Land in particular. We will suppose that you have come in December or January. You notice that most of the trees are in full leaf. Choice roses, seen in the North only in green-houses, are blooming unprotected in the gardens. Everything reminds you of the finest May or June days of the most favored northern states. The months from November to March may be classed together. While the summers are long, lasting until October, the penumbral form of the state, the constant breezes, and the frequent showers, prevent the extremes of oppressive heat frequent inland much further north. April and May, October and November are the best months of the year.

Many people who have come here from the North, East and West, or from one of the southern states testify that the climate has given them great relief from rheumatism, asthma, catarrh, consumption, and various diseases of the throat and lungs. The benefits to be derived from life in the mild, open air are available, and are enjoyed by heavy and feeble alike, throughout the entire year, winter and summer. The city is for miles surrounded by forests of the southern pine, enriching the air with balsam. The atmosphere at De Land is remarkably dry for Florida. There are no lakes, rivers or swamps in the immediate vicinity, and the deep deposit of porous sand provides perfect surface drainage. Malaria is practically unknown. These conditions, with an abundance of pure artesian water, and careful sanitary arrangements, make this unquestionably one of the most beautiful places to be found anywhere.

PUBLIC IMPROVEMENTS.
In the way of public improvements can be mentioned several miles of the finest shell roads, electric lights on the main streets of the city, a system of water works that is owned and operated by the city, supplying the purest water at a little above cost; also furnishing adequate fire protection and securing a low rate of insurance. An electric light plant furnishes lights for street and interior lighting. We also have an ice factory, supplying De Land and the surrounding country with the article so essential to comfort in northern as well as southern climates.

RELIGIOUS AND EDUCATIONAL.
Nine houses of worship testify that De Land is a church-going community. Baptist, Episcopal, Methodist, Presbyterian, Christian, and Roman Catholic, besides colored Baptists and Methodists, are represented. The graded school offers an eight years' course, the building which it occupies is new and newly furnished throughout, and is one of the most commodious and best equipped public schools in the state. A certificate of graduation from this school is accepted at John B. Stetson University and entitles the pupil to entrance into the academic course there.

JOHN B. STETSON UNIVERSITY.
This is the leading educational institution in the state, and attracts many families to De Land for the winter months. The institution has about \$400,000 invested in buildings; 40 instructors of ability and assistants, from noted colleges of the United States and foreign countries, constitute the faculty. At the present time about 400 students are registered. John B. Stetson University is affiliated with the Chicago University, pro rata credit being given in either institution for work done in the other. Stetson has a productive endowment of \$200,000. The buildings are large and substantial, every comfort being provided, as in a modern hotel. Catalogues may be obtained free by addressing the president, Dr. J. F. Forbes.

BI CYCLING.
Pavements in and about the city and the excellent paths that have been made to adjacent towns and points of interest, offer unexcelled opportunities to the wheelman. Those who have ridden bicycles on almost every kind of road and pavement are unanimous in the opinion that our pavements are as good as asphalt. Besides the paving of the streets in the city limits the residents beyond the corporate bounds have extended the roadway in some cases several miles. An excellent bicycle path has been made to Lake Beresford, three miles distant; also a good shell road to Orange City, five miles south, and a path to Lake Helen, five miles distance by way of Lake Winnemisset.

FISH AND GAME.
Florida waters, fresh and salt, abound in fish, and the hunter need not go far to find good bird shooting. The lake of the De Land Aquatic Club, one and a half miles east of town, are well stocked with bass and smaller fish, and afford great sport to those piscatorial inclined. During the hunting season, guides take the tourists to quail grounds and seldom fail to bag a goodly number of these fat and juicy morsels.

THE DE LAND AQUATIC CLUB.
This club was organized in 1901 by its leading citizens, who recognized the need of water attractions for the tourist and home people. The club has purchased a thousand acres of land surrounding several beautiful fresh-water lakes, in which splendid fishing is found. The club-house is about a mile and a half east of town, and is reached by a splendid paved street and bicycle track on New York avenue. A convenient and commodious club-house affords a place for the night-boat or picnic party to rest, to secure a luncheon, to lie in the cool hammocks and see the rippling blue water, or to write, read or sketch. A boat is always on hand to row down and come back, and a launch is always on hand to row down and come back.

own their own boats may leave them in charge of the keeper for a small monthly or yearly fee. The several lakes of the club are being connected by the digging of canals; fifteen miles of lake shore will finally be acquired.

NEAR-BY ATTRACTIONS.
Going east thirty miles, those who desire a change of air and scene, especially in the summer, find on the neighboring coast some of the finest stretches of ocean beach in the world. DeLeon and Blue Springs are most interesting natural objects within easy driving distance from De Land, and the roads in any direction present a pleasing variation of orange groves, giant pines, little lakes and tropical looking "hammocks."

HOTELS AND BOARDING HOUSES.
Your first question on reaching De Land is for a stopping place. A great variety is offered—from the most palatial hotel to the modest, home-like boarding house kept by ladies of refinement. Whatever one wants he can be accommodated. The carls of several of our hotels and boarding houses can be found in this paper, and the proprietors will take pleasure in furnishing rates or any other information desired.

Nearly all of our hotels and boarding houses are surrounded by attractive yards and majestic shade trees, and all face paved streets. For a quiet home-life, they are unexcelled. Picnic parties are gotten up weekly by the guests and hosts and pleasant days spent at picnic grounds from three to ten or twelve miles from town.

SECRET SOCIETIES.
St. Johns Chapter, No. 4, R. A. M.—27 members; T. R. Webb, secretary.
St. Johns Lodge, No. 37, F. & A. M.—40 members; H. D. Bracey, secretary.
Cypress Camp, No. 13, W. of W.—71 members; T. R. Webb, clerk.
Magnolia Lodge, No. 21, I. O. O. F.—43 members; W. M. Woodward, secretary.
Myrtle Lodge, No. 21, K. of P.—57 members; Chris. O. Codrington, keeper of records and seal.
A. O. U. W.—15 members; T. R. Webb, recorder.

POINTS NEAR DE LAND.
Blue Springs, 9 miles; DeLeon Spring, 9 miles; Enterprise, 12 miles; Green Springs, 14 miles; Cuscuta Camp, 7 miles; Winnemisset, 3 miles; Lake Helen, 6 miles; Beresford, 3 miles; Orange City, 6 miles; Glenwood, 7 miles; Highland Park, 5 miles; Spring Garden, 9 miles; Daytona, 25 miles; Pierson, 22 miles; Seville, 27 miles; Barberville, 16 miles; Port Orange, 30 miles; Eldridge, 18 miles; Emporia, 19 miles; Golf Grounds, 1/2 mile; Deerfoot Mineral Spring, 5 miles.

HOUSES AND COTTAGES.
There is great demand for furnished houses during the winter season, and persons who intend to come for the entire season should secure their accommodations in advance. Five or six cottages, furnished, rent for \$10 to \$15 a month; larger houses, from \$15 to \$20 a month; for a modest residence, to \$100 per month for a place with all modern improvements, etc.

PRODUCE.
De Land is in the midst of one of the most important orange growing sections of Florida. Considerable fruit was shipped from this section last year. The coming season will see largely increased shipments, and the time is not far distant when in all probability this will again be a great orange producing country. The production of the pineapple here promises to rival that of the orange. Recent experiments prove that with comparatively expensive protection such soil and climate as that of De Land will profitably produce fruit which in size and quality far surpasses the pineapples grown without shade further south.

In June or July large quantities of delicious Niagara grapes ripen. Excellent peaches, pears, Japan persimmons, Japan plums, pecan nuts, guavas, strawberries, watermelons, and many sub-tropical fruits are grown here with success. For the local market and family garden, an almost endless variety of vegetables may be produced during the entire year. The soil is particularly adapted to corn and sweet potatoes. Recent trials prove that an unusually high grade of tobacco may be produced on the high pine land. Parts of Volusia county are adapted to the cultivation of sugar cane.

MANUFACTORIES.
The chief manufactured product of De Land and vicinity is lumber. The abundant supply of yellow pine and cypress might be made into a great variety of articles now shipped in from a distance. Among the manufacturing industries already established, we have an ice plant, a fertilizer factory, a novelty wood-working establishment that turns out many useful things in its line, a cassava starch factory here and one at Lake Helen, giving employment to many hands and working thousands of acres of land.

OUR PEOPLE.
The people of De Land are from almost every part of the United States. They are intelligent and progressive. They have worked enthusiastically for twenty-four years to build up their beautiful little city. Uninterrupted progress and improvement have been the result. Their desire now is that as many as possible of those who are turning southward may see for themselves what De Land offers both to settlers and winter residents; for them many more will surely agree with the many who now pronounce De Land on account of her climate and her people, her university, churches and fraternal organizations, her hotels and her homes, her products, her public improvements and her merchants, the most attractive place in all the southland for them.

How to Remove Tar Stains.
To remove pitch and tar stains rub lard on the stain and let it stand for a few hours. Sponge with spirits of turpentine until the stain is removed. If the color of the fabric should be changed, sponge it with chloroform, and the color will be restored.

How to Freshen Cut Flowers.
Cut off the tip of each stalk and stand the stem in water of about 100 degrees. When they have revived, arrange in vases filled with lukewarm water to which a tiny pinch of salt has been added. If the tips of the stalks are cut off every day and the water in which they stand changed, they will last much longer. Remember in gathering flowers to send by mail that they should be scarcely more than buds if you want them to arrive in good condition.

How to Clean Wall Paper.
To remove grease spots on wall paper mix pipeclay with water to the consistency of cream, spread it on the spot and leave it till next day, when it may easily be brushed or scraped off. If the grease has not disappeared en-

Excess

Of Smoking Affected
My Heart
So I Had To Sit Up
To Breathe.

Dr. Miles' Heart Cure
Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer has to sit up in bed to breathe are the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not understand their meaning should be warned in time, by the following experience:

"I was greatly troubled with an affection of the heart, due I think to excessive smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure. Dr. Miles' Nerve and Liver Pills, together with bathing, etc. I faithfully followed the directions given and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was so nervous I could not keep my hands still and suffered greatly from severe pains around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. From the splendid results achieved in my case I can cheerfully recommend Dr. Miles' Heart Cure, Restorative Nerve and Nervous Pills to all sufferers from heart or nervous troubles."—Yours truly, ELIJAH HALL, Dothan, Ala.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

The Battle of Tours.
The battle of Tours in 732 A. D. is said to have been the most murderous on record. Three hundred and fifty thousand men in all were killed.

A German Superstition.
It is believed in Germany that the oxen are endowed with speech on Christmas eve at midnight. But to hear them it is necessary to put fern leaves in one's boots.

Bargain Counters in Paris.
The bargain counter flourishes in Paris as in the retail stores of this country. "Occasion" is the sign by which it is known, and the Parisian housewife is not a whit behind the housewife of America in knowing how to take advantage of it.

The Suez Canal.
The actual cost of making the Suez canal was \$24,150,000.

MRS. L. S. ADAMS.
Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder Theodor's Black-Draught should be used.

For advice and literature, address, giving symptoms, The Ladies' Advisory Committee, The Chattanooga Medicine Co., Chattanooga, Tenn.
